VOL. CXXXVII.— No. 86. ALEXANDRIA, VIRGINIA, MONDAY, APRIL 11, 1921. PRICE TWO CENTS

ONE PER CENT TAX ON SALES IS PLAN

Senator Smoot of Utah Will Introduce Bill in Upper Chamber

$6,000 EXEMPTION

Estimates Proposed Measure Will Yield Two Million a Year—Sees Less Price Jumps.

Washington, April 11.—The text of the sales tax bill introduced by Senator Reed Smoot, of Utah, in the Senate today was made public last night.

The bill imposes a tax of 1 per cent. on all turnovers, with an annual exemption of $6,000, the effect of this being to exempt smaller farmers and tradesmen. It has been estimated that the 1 per cent would yield more than $2,000,000 annually.

In a statement in behalf of the general sales tax plan Senator Smoot declared that its advantages are extreme simplicity of assessment and collection, a low tax rate applying uniformly on all commodities, and absence of complicated features which make it difficult for the taxpayer to know at any time what his tax liabilities are.

While the bill, as it will be introduced, provided for a tax of 1 per cent., Senator Smoot indicated that the rate might be limited to one-half of 1 per cent., or other alternatives might be adopted. In his statement he proposes three alternative propositions, as follows:

1. A rate of one-half of 1 per cent., not to exceed 1 per cent on all sales, without distinction of integrated or unintegrated concerns.

2. A rate of three-fourths of 1 per cent., but not to exceed 1 1-2 per cent., with a credit for taxes previously paid on goods bought for resale.

3. A rate of 1 per cent., but not to exceed 2 per cent., without distinction of integrated or unintegrated concerns, but exempting each dealer on the first $50,000 of annual sales.

"For simplicity of administration and collection of the tax I have concluded to support the first-pamed plan, and for the purposes of this bill have specified a rate of 1 per cent." said Senator Smoot. "If at any time the amount to be raised from such a tax is to be reduced or increased, the only amendment required to the law would be to change the rate of tax.

"The bill follows closely the provisions of the Philippine sales tax, which today is the most satisfactory tax to all classes and the most productive that is imposed in the islands."

Merchants and others making sales subect to the tax would make quarterly payments to the Government.

The bill exempts sales and leases made by the United States Government, States and municipalities, foreign governments, mutual ditch or irrigation companies and hospitals and other corporations organized and operated exclusively for religious, charitable, scientific or educational purposes, and also goods sold or leased for export.

The sales tax does not apply to beverages, cigars and tobacco, on which taxes already are imposed by titles VI and VII of the present Revenue act. It also does not apply to a few commodities on which there is now an excise tax and which is not repealed by the bill, such as automobiles, automobile trucks and wagons, motorcycles and tires, parts and accessories, yacht and motorboats.

Senator Smoot says that the turnover tax will be shifted to the ultimate consumer, but he contends that the final increased price of a commodity which has passed through half a dozen hands will not be more than 3 1-2 per cent. He refers to a Department of Justice investigation in connection with the Lever Food Control act in which the assertion was made that the excess profits tax was responsible for an increase of 23 per cent. in prices.

Germany Warned Reparation Delay Threatens Her Very Existence

Berlin, April 11.—The correspondent of the Vossische Zeitung at Paris has telegraphed a statement obtained from a high French authority saying that Germany is facing a catastrophe unless she takes satisfactory steps to settle the reparation issue before May 1. According to the informant of Voissische Germany will be given a few days opportunity in which to formulate and make a new offer.

Voissische quotes this French authority as saying:

"I assure you the very existence of Germany in her present form will be seriously endangered if your Government fails to avail itself of the new opportunity which will be offered. The French Government would be highly gratified if this catastrophe could be averted and the German Government decided upon a really serious offer at the last hour.

"If you have anything to offer you must do so immediately. Continued haggling on either side is useless."

RAID JAPANESE LIQUOR SHIP

Jacksonville, Fla., April 11.—One Japanese merchant sailor was seriously wounded, and four are being held by Federal prohibition authorities as the result of a raid on whisky being unloaded from the Japanese steamer Erie.

The Federal authorities say they had information members of the crew of the ship were smuggling liquor through this port, and by way of having a trap had negotiated with the sailors to effect delivery of the contraband to them.

Two of the Federal officer boarded the ship and the sailors, the officers allege, gathered up the whisky and returned to shore accompanied by the officers. As soon as delivery of the liquor was effected, the sailors were placed under arrest.

One of the Japanese is reported to have opened fire, which was returned by the officers.

PATRIOTIC EXERCISES PLANNED BY D.A.R.

To Be Held Wednesday Afternoon at Jones Point

MARINE BAND TO PLAY

Affair in Observance of 130th Anniversary of Laying of South Corner-stone of District of Columbia.

In observance of the 130th anniversary of the laying of the south cornerstone of the District of Columbia at Jones Point, in the southeastern section of the city exercises will be held at that place Wednesday afternoon beginning at 2 o'clock and ending at 4 o'clock. Among the speakers will be Rev. Dr. W. J. Morton, rector of Christ Episcopal Church, this city and Fred E. Woodward of Washington. The affair will be under the auspices of the District of Columbia Chapter Daughters of the American Revolution, Members of Mt. Vernon Chapter D. A. R., this city, will take part. Music will be furnished by a section of the United States Marine Band.

The South Corner of the District of Columbia was set in April 1791, long before the light house was built, on Jones Point. Contemporary accounts of this first ceremony are scarce. Transportation from New York and Boston and Philadelphia was by horse back, post stage or by slow boats. There were no Washington Correspondents, but the United States Gazette of Philadelphia printed a full report of the affair. The Alexandria Gazette began its existence seven years previous and doubtless contained an interesting account.

There were three commissioners then; Hon. Daniel Carroll who was selected two months before, but declined to accept the appointment until his term as a Federalist member of Maryland had expired. The other commissioners were Thomas Johnson of Maryland, who while he was Delegate to the Continental Congress, had nominated Washington as Commander-in-Chief of the army, and later became Justice of the Supreme Court: the other was Dr. David Stuart, a resident physician of Alexandria. Notwithstanding the season of the year, the mud and roads or no roads at all, there was a large concourse of people, and two Commissioners ready for the walk to Jones Point.

The Commissioners and distinguished guests dined at Wise's Tavern, and the masonic lodge and a large body of citizens waited upon them there. A toast was given to the stone they were about to set, "May it remain an immovable Monument of the wisdom and unanimity of North America."

Congress had elected Gen. Washington to locate the spot but he had signified and made arrangements for it, but was on a tour by horseback of the lands in the states and south and west, but left it in competent hands.

Maj. Andrew Ellicott, the Quaker surveyor, had been selected to find the exact spot, and when he had indicated it, the two commissioners thanked the occasion assisted the Master of the lodge, Mr. Dick, in placing it. The formal address was made by Rev. James Muir, rector of Christ's Church. Then it seems by the reports, that they partook of more refreshments, and it was Dr. Dick's toast that called out the most applause, and every one drank to that sentiment. "May Jealousy, that green eyed monster, lie buried deep under the work we have this day completed, never to rise again within the Federal District."

The light house was built by the Government in 1855. The light is described as "fixed white, visible for ten and three-fourths miles, is thirty-two and one-half feet above water, and in latitude 38 degrees 47' 25": Long. 77 degrees 2' 27" and under this light lies the beginning of the ten miles square which once constituted the Federal Territory.

Winchester, Va., April 11.—Men at the Keystone limestone quarries, near Millville, W. Va., yesterday found mute evidence of a rabbit chase, the head of a dead dog caught in the opening of a four inch pipe and a dead rabbit in the pipe.

REV. DR. REGESTER REAPPOINTED PASTOR

Marks Ninth Year as Pastor of M. E. Church South Here

DR. HAMMILL RETURNS

Baltimore Conference of M. E. Church South End Tonight—Visiting Pastors Occupy Pulpits

Rev. Dr. E. V. Regester, today was reappointed pastor of the M. E. Church South of this city for another year by the Baltimore Conference of the M. E. Church South in session in Roanoke.

News of his reappointment was received here early this afternoon. The reappointment of Dr. Regester was received with general satisfaction by the members of his congregation, he having endeared himself not only to the members of that church by to all others as well during his long stay in this city.

Only recently the chamber of commerce at its meeting adopted a resolution asking the conference to reappoint him as pastor of this church

For the past eight consecutive years he has served as pastor of this church and previous to that time was presiding elder of the Alexandria district of the M. E. Church South and also served for four years as presiding elder of the Washington district of the M. E. Church South.

Dr. Regester will return from Roanoke tomorrow and as will also the Alexandrians who have been attending the church conference.

The many friends of Rev. Henry P. Hammill also were glad to learn of his reappointment as presiding elder of the Alexandria district of the M. E. Church South. Dr. Hammill has been stationed here for several years and during his time has made many friends among the members of the churches under his jurisdiction.

Roanoke, Va., April 11.—The pulpits of practically all of the Protestant churches of Roanoke were occupied yesterday by members of the Baltimore Conference of the Methodist Episcopal Church, South, and large congregations greeted the visiting ministers.

At Greene Memorial Church the annual experience meeting of the conference was held as the first service of the day, beginning at 9 a. m. Rev. W. E. Miller, of Mount Airy Md., conducted this service and many members of the conference took part in the exchange of Christian experience.

Bishop Hendrix preached in this church at 11 a. m., using as his text "If it were not so I would have told you." (John xiv.2).

Following the sermon, Bishop Hendrix ordained as deacons four traveling and two local preachers and ordained as elders five traveling preachers. In the ordination service Bishop Hendrix was assisted by Bishop Darlington and several members of the conference.

Rev. H. C. Morrison, a member of the Kentucky Conference, and one of the general evangelists of the church preached this evening in Greene Memorial Church.

It is expected that the conference will adjourn tomorrow evening and that, in order to do so, three sessions will be held on that day. It is not probable that adournment will be delayed until Tuesday unless some subject yet to come before the conference should provoke discussion of length, and that is not expected.

The fact that Rev. D. L. Blakenore, who has just closed four years as presiding elder of the Winchester district, has consented to accept appointment as conference missionary secretary, will make it necessary for one other member of the conference at least, to be appointed to the presiding eldership. Among others mentioned in this connection is Rev. M. D. Mitchell, for five years pastor at Staunton.

When addressing the class of applicants for admission into full connection in the Baltimore conference of the Methodist Episcopal Church South, today, Bishop U. V. W. Darlington emphasized among other things, the necessity for preachers to keep the rules of the church as found in the book of discipline. In this connection, he said he was glad the discipline did not direct preachers to offer prayer over the pittance found in the collection plates often presented to them by the collectors at a church service, He said he had never observed the custom some preachers observe in this connection and that he never could bring himself to do this that he could never get the consent of his conscience to observe the custom.

Outstanding features of the session of the conference this morning were the adoption of the report of the conference board of missions, including the recommendations of the appointment of Rev. D. L. Blackmore as conference missionary secretary, following most animated discussion for and against the appointment of a secretary; the reception of a class of nine into full connection in the conference; the admission of a class of seven on trial in the conference; the readmission of two local preachers into traveling connection; the election of four traveling preachers and two local preachers for deacons orders, and the election of six traveling preachers to elders orders.

The recommending of the appointment of a conference missionary secretary was not passed without opposition.

Rev. J.C. Hawks, declared it to be a diversion of sacred money to use it to pay secretaries to do the work the pastors had to do in the end and that about the most the money did was to benefit transportation companies. The vote stood 135 for and 6 against appointing a secretary.

Would Bar Miss Farrar's New Film From France

Paris, April 11.—The announcement that Geraldine Farrar's film, "Jeanne d'Arc" is to be presented in Paris has brought forth a bitter attack in Petit Bleu, which charges Miss Farrar with being strongly pro-German with being attached to the Hohenzollerns and of having uttered calumnies against France. The newspaper demands that her presentation of "Jeanne d'Arc" in France be forbidden.

"The Hohenzollerns during the war had not more ferocious partisan than this American singer," says Petit Bleu. "Miss Farrar is a woman who has always loudly affirmed her keen love for Germany and her enthusiasm for Kultur. While the hosts of the Kaiser flowed in a ferocious stream, toward France, she shouted against us abominable things unworthy of a neutral and of a woman. Today, she continues to affirm her sympathy for the odious race of Hohenzollerns.

"She has not changed nor have we. This proves we are right in protesting, whatever the Parisian promoters of the American boche film may continue to think."

HARRIS CONFESSES MURDER STORY HOAX

Planned to Commit Suicide By Going to Chair He Says

WANTED TO FREE WIFE

Her Insistence as to Birthday Gift Breaks Down His Yarn—He is Still Held.

Buffalo, April 11.—Confronted with indisputable evidence furnished by his wife that his confession of participaton in the murder of Joseph Bowne Elwell was a fraud, Roy Harris broke down here yesterday under questioning by Detective Oswald and District Attorney Guy B. Moore and admitted that he knows absolutely nothing of the crime beyond what he has read in newspapers in the last few weeks.

He said that "Jerry," "William Duncan" and "Mrs. Fairchild" were fabrications of his brain. His motive he said was to commit suicide by going to the electric chair, he himself not possessing nerve enough to press a trigger against his brain

The suicide decision was arrived at, he added, when he was arrested here last Wednesday on a charge of forging a check in St. Catherines, Ont. Reunited two days before with his wife he now forsaw further disgrace and trouble for his wife and baby daughter and disheartened, dismayed and despondent, determined on ridding them of himself. When Detective Flynn, one of the arresting officers queried the forgery prisoner on the Elwell case Harris leaped at that opening and immediately proclaimed his participation in the murder conspiracy.

Thoroughly familiar with every detail developed in months of investigation of the slaying, Detective Oswald, after his first interview with the prisoner last Thursday night, held that the confession contained many impossible discrepancies that the man was a liar inasmuch as declaring that he was an actual actor in the crime and that the only hope that could be seen in his statement was that it might be developed that he knew some of the ramifications of the case, and thus might lend a clue to detection of the slayer. This hope now has been smashed. The authorities are back at the point of a few days ago, prior to Harris' arrest. The confession by Harris makes the eighth such fraudulent statement in which men have undertaken responsibility for the crime.

Last night Harris was still in a cell, though not under any charges.

Harris is held pending determination by former Governor Whitman and the New York police as to whether he shall be tried for having given false information. If the New York authorities decide not to press such a charge he will be held on a charge from St. Catherines of forgery.

A pair of socks broke up the persistence with which Harris insisted for days that his confession was not a fake. His wife has, without material divergence, insisted that she was in New York on the date when her husband says he participated in the slaying of Elwell, and that she gave him a birthday gift of socks at the time.

Harris has said that Mrs. Harris was in Canada on June 11, 1919, the day Elwell met his death. Harris admitted the birthday gift yesterday, and his wife, in an interview, declared quite positively that her husband was seeking the electric chair as a means of suicide, just as he himself now says and for the reasons he now presents.

Federal Taxes. On the opening date of the 67th Congress, news reports indicate that the Republican leaders in Congress have virtually agreed upon a program of legislation assuring early enactment of the federal tax schedules for the fiscal year beginning July 1, 1922.

Chairman Joseph W. Ford new of the House Ways and Means Committee has stated that the internal revenue act and the revision of the tariff should be completed by July 1 this year. Benefits to be expected from tariff revision are debatable. Property owners and citizens in general are more anxiously concerned with the making of the next internal revenue act. Business, big and little, will watch for the law to take form. It is fair to business that it should know in advance on what items of property the new taxes will apply. It will enable business men to map out intelligently their financial policy for the next year.

No one can say with any degree of accuracy just what changes there will be in the new revenue law with the exception of the repeal of the present excess profits tax. The Republicans are unreservedly committed to its repeal. As a substitute there must be some other tax designed to yield the nation approximately two billion dollars. All sorts of new schemes of taxation are being proposed. Chairman Fordney, the real directing genious of the Ways and Means Committee of the House, is rather inclined to favor a sales tax such as they have in Canada. It is said to be a success there. This tax would not be a tax on retail sales and purchasers would not be bothered with the irritation of figuring and paying taxes. It would be a tax of one half of one per cent upon wholesale transactions. The whole salers making the returns to the government. Under the proposed system, the government would be saved the overhead expense of collecting and checking up millions of retail taxpayers, thus having comparatively few sources of revenue and saving approximately ten millions a year now paid by the government to agents kept busy prying into retailers' books to see that the government gets its just due.

Whatever the sales tax is, it certainly seems to conform to all the standards of traditional Republican policy. The Republicans are master hands at getting money out of the people indirectly. Indirect taxation is their long card. Their wise leaders frankly admit that the public pays in the long run. "But," they say, "no one likes to pay taxes any more than he likes to go to dentist. We believe in extracting taxes with an anesthetic. The pain is less distressing if when the public goes to the market counter it is not reminded that it pays two cents on this article and thirteen cents on the other." In other words, ignorance is that state of bliss in taxation which it is the business of wise taxmakers to achieve

New Mines for Historians. Whatever history may say of Woodrow Wilson and the eight years of American history covered by his two administrations, of one thing we may rest assured. It will not ignore them. It will not tuck them away with some presidents and administrations in little corner chapters. It must treat them as the most fascinating study in all of American politics. About them it will have to reckon with volumes of debate, praise and censure. It will have to take consideration all the conflicting theories as to the man's character all the greatly varying opinions as to the memorable events with which he was associated. Whether or not he was a good judge of human nature and had the power of choosing able advisers, there is food for many a chapter. Was he an autocrat, or was this role of autocrat a myth created by his enemies? Several books might be written about that. Why was he so insistent on going to Paris? A splendid volume might be written on that. And so on and so on.

The tide of revelation has already set in. Mr. Lansing's book will soon have plenty of company. Colonel House is scheduled to take us into his confidence and tell us "What really happened at Paris" in May. Harvard and other university Wilson Clubs are gathering materials for a life and letters of Woodrow Wilson. A Hindu philosopher has just completed a book of "interpretations of Wilson." Several novelists are said to be laying foundations for novels about him. John Drinkwater, whose "Abraham Lincoln" captivated the country is seriously considering a play on the subject of America's latest war President. And for good measure, Admiral Grayson and Joe Tumulty are both reported to be at work on books about their former chief. The enemies of Woodrow Wilson have not heard the last of him nor of Wilsonism for many years to come.

YORK STATE CHURCH HAS SUNDAY MOVIE

Middleton, N. Y., April 11.—Christ Universalist Church here was packed to the doors yesterday afternoon and evening for the inaugurals of the Rev. Thomas H. Saunders' "Church Movies." The film version of Charles Dickens' "Dombey and Son" in six reels was the attraction.

"There would be no question of filling the churches today," Mr. Saunders said last night, "if the church had seen its opportunity when the "movies" first came into popularity.

"It has been the same with all lines of amusement. The church has rebelled against everything progressive until it has become almost obsolete—then the church has adopted it, dancing, card playing, bowling, pool, the stereoptikon, for examples. The church now has its best opportunity to make proper use of motion pictures."

IN MEMORIAM

In loving memory of my wife and mother, MAGGIE WHITE, who passed beyond April 12, 1920.

Many a long hour has passed away,
Since our dear wife and mother departed this life,
One year ago today,
And when our time on earth is at an end,
We trust with her in heaven,
The rest we will spend.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

RICHMOND—"EAST LYNNE"

A world classic, born anew, "East Lynne" comes to the Richmond Theatre two days beginning today, a Hodkinson release produced by Hugo Ballin. The beloved story of Isabel Vane, her happiness and her trials, is all brought forth before our eyes in most masterful manner. Two generations have seen the play, "East Lynne," and countless more will see the epic Hodkinson production produced by Hugo Ballin. The true love of a man for a maid and the illicit lust of villalay fight on—but real love wins out in the end.

NEW YORKERS SEE "DRYEST" SUNDAY

New York, April 11.—Police continued their wholesale crusade against violators of the recently enacted State prohibition enforcement law yesterday, which was described by some newspapers as the "dryest Sunday" since 1896 when the late President Roosevelt, then police commissioner, clamped down the lid on Sunday liquor selling.

Frequenters of saloons, where "regular customers" have heretofore been able to buy contraband liquor, admitted that New York was virtually "bone dry" for the first time since the Volstead amendment was enacted.

Coney Island, which was thronged yesterday with thousands of visitors, received a preseason visit from a special police squad, which arrested eleven men and one woman on charges of having liquor in their possession.

Other squads combed the city from Brooklyn to the Bronx, but few violators were found. Police officials expressed the opinion that saloon keepers and others had taken warning and were proceeding to obey the law. The statement last night by First Deputy Police Commissioner Leach that the man who carried a flask of liquor was in the same class with the man who carried a gun is believed to have disheartened those who formerly were openly proud of a protruding bottle neck from the hip or overcoat pocket.

SPORTS

Before 2,000 fans yesterday, the Dreadnaughts were defeated by the U. S. S. Mayflower, 5 to 0. The visitors came over with 7 straight victories and with their experience together with errors by the locals they had easy sailing from the early periods of the game. Alexander occupied the mound throughout the game and pitched winning ball turning 11 away from the plate with real August steam. Jimmy shows well and with warmer weather, his ability will earn for him a regular berth in the locals tossing staff. The "D's" need regular team work and several more severe practices before they can expect to engage fast company. Practice in the score of batting is also what is needed with rotation of right and left hand batters and until the field management in its entirety supervises practices and makes corrections, there will always be something lacking the "Big Clubs" team. A shake up should come early in the infield as the Dreadnaughts have a dozen fast terms to meet within the next two months.

In baseball excuses cannot be offered for the loss of a fairly well umpired game, so this defeat can be attributed to nothing except that the "Ds" were outclassed.

Next Sunday the Dreadnaughts meet another strong taem, the Peerless A. C. from Washington, but it is hoped through rearrangements and additions of new players, the Big Club will be better fitted to meet the strong aggregations they are scheduled to play.

The Destroyer A. C. claim a forfeit game over the Virginia A. C., as they failed to put in an appearance Saturday for their scheduled game. The Destroyers will practice this evening on the High School grounds at 5:30 o'clock. All members are requested to report.

Triple" A" Wins

The Alexandria Athletic Association won an uphill game from the Miami A. C. Score 6 to 5, on the shipyard grounds yesterday.

Jimmy Quayle pitched the best game of his many years in baseball, turning back 19 men by the strike out route, allowing 4 scattered hits Walters hitting was easily the other game feature, his triple and two doubles were real hits and show a good future in baseball for this young man. This fine uphill battle showed that the Triple A boys have the nerve and are not quitters, even though they are behind.

Next Saturday the Association team will play the Railroad Administration on the shipyard grounds at 3:30 p. m. Sunday they play the Rockford A. C. at 3 p. m.

Do not forget the Athletic show Wednesday night as this show will be a real one from start to finish. With the thirty-five piece band from Camp Humphries giving it lots of pep. Many feature bouts will be on the program, this show will be a shappy one from start to finish. If you are looking for action, we have it Wednesday night.

Everything has been primed for the show to be held Wednesday, April 13, at the Opera House, under the auspices of the Alexandria Athletic Association. The promoters promised the public one of the best entertainments of this sort ever witnessed in this town and they have completed a fine program for the show, A forty piece band will be on hand to give a few selections and they will entertain in this town several days before the show. The committee has gone to a big expense of renovating the Opera House, which is also handsomely decorated for the occasion. There are a limited number of ring side seats and it is hoped that all desiring them will call as soon as possible. Don't forget the date, Wednesday, April 13, 1921. Come one, come all.

How One Woman Helped Another

Foley Kidney Pills are bought in every state in the Union by men and women on the recommendation of those who already have been relieved of kidney trouble and bladder ailments by this exceedingly timely remedy. Comparatively little advertising has been done for Foley Kidney Pills, yet they are well known, and those who know their splendid healing properties never accept an imitation or substitute for the genuine Foley.

Pains Banished; Health Restored

"In September, 1913, I was stricken with lumbago and was unable to turn myself in bed. I was under the care of a physician but obtained no relief. A neighbor brought me a half bottle of Foley Kidney Pills; said she had been similarly afflicted and they had relieved her. So I tried them, and after taking three bottles was well and on my feet. I most heartily recommend Foley Kidney Pills. I have never known them to fail."—Mrs. G. H. Eveland, Duncan Mills, Ill.

They strengthen and invigorate weak or diseased kidneys and help to keep the blood clean and pure, relieving backache, rheumatic pains, lumbago, stiff or swollen joints, sore muscles, puffiness under the eyes, lanuidness and other symptoms of kidney trouble or bladder ailments.

LEADING AUTHORITIES NOW SHOW JUST WHAT TANLAC REALY IS

Physiological Action of Principal Ingredients of Celebrated Medicine On the Human System is Explained.

SUPREMACY CLAIMS WELL SUPPORTED

Many of the Medicinal Elements Have Been Known and Used Since Civilization First Began.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout this country and Canada, is composed of the most beneficial roots and herbs known to science. The formula is purely ethical and complies with all National and State Pure Food and Drug Laws Altogether, there are ten ingredients in Tanlac, each of which is of recognized therapeutic value.

Many of these ingredients have been individually known and used since civilization first began, and some of them have been used and prescribed by leading physicians everywhere, but until they were brought together in proper proportion and association, as in the Tanlac formula, humanity had not heretofore realized their full value and effect.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has been the source of the most valuable tonic medicines that have ever been discovered." In referring to others of the general tonic drugs contained in Tanlac, the 13th Edition of Potter's Therapeutics, a standard medical text book, states that "They impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as "a run-down condition," uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of the tissues and more important organs of the body, and produce that state of general tonicity which is called Health

The United States Dispensatory makes the following comment regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required. Dyspepsia, atonic gout, hysteria and intermittent fever are among the many affections in which it has proven useful."

There are certain other ingredients described in the Dispensatory and in other standard medical text books as having a beneficial action upon the organs of secretion, whose proper functioning results in the purification of the blood streams passing through them. In this manner objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized

Tanlac was designed primarily for the correction of disorders of the stomach liver and bowels At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of the food and a thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

Although Tanlac's claims for supremacy are abundantly supported by the world's leading authorities, it is the people themselves who have really made Tanlac what it is. Millions upon millions have used it with gratifying results, and have told other millions what it has done for them. That is why Tanlac has become the real sensation of the drug trade in this country and Canada, and that is also why it is having the largest sale of any medicine of its kind in the world today

Man, Smoking, Leaps off Brooklyn Bridge as Cameras Click

New York, April 11.—While motion picture cameras clicked on the deck of a tug in the East river yesterday, Daniel Carone, 27, of Mount Vernon, puffing a cigarette, leaped from the center of Brooklyn bridge and was picked up in the water, 133 feet below alive, and unharmed. It was his second jump from the structure, the first being made in 1915.

A policeman saw Carone spring from an automobile on the south roadway and climb a steel girder. He shouted and ran toward him, but before he could reach him Carone plunged into space.

Carone said he also had jumped but saw his body strike the water. He soon appeared and began to swim toward the tug. In 50 strokes he had reached the craft and was hauled aboard amid cheers.

Carone said he also had jumped off London bridge and High bridge in Glasgow, Scotland.

LOOK OUT FOR THE RUTS OF POOR HEALTH

There's Work to be Done by Red-Blooded Men and Women With Strength and Energy

Do You Feel Fit For Your Job?

Pepto-Mangan Tones up and Purifies The Blood of Busy Men and Over-Tired Housewives

Take any man who works with his hands all day, every day, week in and week out. He uses up energy—lots of it. If he eats well and rests well his body renews its own energy. But there are days when he gets over-tired, he calls on his human engine to do more than it can. He strains. His blood gets thin. He feels weak and sluggish, maybe grouchy. He simply cannot get things done with his old-time vigor.

It is the same with women working around the house every day. Days come when they overdo. And they pay the price.

Brain workers go through the same thing except that they are more likely to suffer from improverished blood because they usually work in stuffy offices.

So when you get run down from overwork and strain, it is a good thing to know about that wonderful tonic Pepto-Mangan. Begin taking it as soon as you feel the least bit run down. It will supply your blood with the food it needs. You will get back into your stride and pick up again. You will go through your working days feeling fit and able to get things done to achieve and get ahead. Thousands are doing it every day.

Pepto-Mangan is for sale at your druggist's in both liquid and tablet form. Take whichever you prefer. But to make sure you get the genuine, ask for "Gude's Pepto-Mangan" and see that the name "Gude's" is on the package.

BANDITS HOLD UP BALTIMORE CLUB

Baltimore, April 11.—Several social games in progress at the Citizens' Democratic Club were rudely broken up at 3 a. m., yesterday when masked bandits backed 16 members against the wall with revolvers and robbed them of jewelry and money amounting to $7,000. One member, Dr. Crawford, was knocked unconscious by a blow from the butt of a pistol. The gang then drove off in automobiles after threatening to kill any who made an outcry.

It is said that the hold was engineered by some one who had been in the club and had entered into an argument earlier with one of the members. Before leaving the club house he is declared to have made threats.

Rushing past the negro butler the robbers rushed upstairs. The bandits had the drop on their victims, who were sitting at their tables playing cards. When they entered the rooms the leader became offensive and abusive. He made the members line up with their backs to the wall. Then, while his henchmen held them at bay with their revolvers he swaggered up and down in front of the line up.

"Look at me," he exclaimed. "Take a good look at me. I want you to see who's doing this."

Joseph Adler, of Baltimore, was relieved of $2,230 in cash and a gold watch.

$150,000,000 NOTE ISSUE BY TREASURY

Offering of an issue of $150,000,000 of 5 1-2 per cent certificates of indebtedness, to be dated April 15, and mature October 15, 1921, was announced by Secretary of the Treasury Mellon last night. Certificates of the new issue will be designated series H 1921.

The interest rate borne by the new issue is the same as that of the issue of six months maturity offered a month ago. Bankers had been looking forward to the terms of the forth coming issue with the thought that there might be some further reduction in the interest rate, in view of the fact that the recent issues were so heavily oversubscribed. The March 15 offering represented a reduction in the interest rate of 1-4 to 1 per cent, from rates prevailing two months ago. Treasury officials doubtless concluded that there has not been sufficient improvement in the credit situation to justify a further reduction at this time.

The new certificates will be issued in denominations of $500, $1,000, $5,000 $10,000 and $100,999, and will have one interest coupon attached, payable October 15. The expectations is that the offering will be quickly subscribed, since investors throughout the country have shown a decided leaning toward short term government obligations recently.

INGOMAR—BEBE DANIELS

A jazzy comedy will be "Ducks and Drakes," Bebe Daniels' newest offering which will be shown here today, but there is harmony as well as jazz in the production, for it has not merely one but a quartette of leading men in support of the piquant star. They are Jack Holt, William E. Lawrence, Edward Martindel and Wade Boteler. Harmony? You'll say so.

Last Chapter of "The Son of Tarzan," also will be shown.
